MESSAGE FROM MANAGEMENT

Dear Shareholders,

The effects on revenue observed during the year repeated this quarter and hence consolidated revenue declined 8.2%, however the revenue from our U.S. operation it grew 5%, with different customer profiles, which improved gross margin. Moreover, the price adjustment, stabilization of prices across the supply chain and the reduction in discounts as part of the price protection policy offered to dealers contributed to the 2.5 p.p. increase in gross margin, offsetting the impact of the reduction in revenue on gross margin.

Operating expenses in Brazil decreased 10.8%, contributing to a 22% increase in the operating result of our Brazilian operation. However, when looking at the consolidated the addition of three own stores to our U.S. operation (none in 4Q22) was the main reason for the 4.3% increase in operating expenses in the consolidated, resulting in a 46% reduction in consolidated operating income. The decrease in expenses in Brazil was mainly in variable expenses, due to efficiency gains and lower revenue from the corporate channel, and in advertising expenses, due to the concentration of brand campaigns, as explained in the 4Q22 Earnings Release.

This quarter, net income increased 31.2%, mainly due to the effect of financial results and the tax benefits arising from Interest on Equity ("IoE").

In 2023, net income stood at R\$15.2 million. Therefore, at the annual shareholders meeting of 2024, the Management will propose the distribution of R\$13.3 million as interest on equity, as approved by the Board of Directors on December 1, 2023, resulting in the distribution of 92.1% of adjusted net income, R\$9.7 million more than minimum mandatory dividend; and the retention of R\$1.1 million for production investments.

The distribution, to be ratified by the shareholders meeting, corresponds to R\$0.20090/share, including income tax, with the date for entitlement being December 6, 2023. Shares will be traded ex-interest starting from December 7, 2023.

The following chart shows the evolution of Selling, General and Administrative (SG&A) Expenses between 4Q22 and 4Q23(1):

(1) In million.

The opening of the store in New York, combined with own stores opened in 2023, accounts for most of the increase in operating expenses in the U.S. operation. In 2022, we did not have own stores and ended 2023 with three own operations. The expenses included rental, personnel and insurance, among others.

Excluding the U.S. operation, operating expenses decreased 10.8%, mainly due to lower variable and advertising expenses.

Variable expenses decreased due to the client mix and the efficiency gains at export market operations.

Advertising expenses decreased due to the concentration of expenses in 4Q22, since this line remained unchanged in the annual comparison.

1. Operations

Unicasa Indústria de Móveis S.A. ("Company") is a publicly traded corporation with registered office in the city of Bento Gonçalves, state of Rio Grande do Sul, with shares listed on the Novo Mercado segment of "B3 S.A. – Brasil, Bolsa e Balcão" (BM&FBovespa), under ticker UCAS3, since April 27, 2012. Established in 1985, the Company's corporate purpose is to manufacture, sell, import and export products related to the wood, iron and aluminum furniture segment, and other articles related to household and commercial furniture.

The Company has resale agreements with agents authorized to explore our brands "Dell Anno," "New," "Casa Brasileira" and "Unicasa Corporate" through exclusive dealers and multibrand stores in Brazil and abroad.

In recent years, the Company decided to discontinue the Favorita Brand. The discontinuation was aimed at concentrating efforts on more consolidated brands, enabling better use of resources for network expansion, marketing, training and product launches, among others. During the process, points of sale in locations that were part of the strategic plan were converted to other Company brands.

The corporate purpose of Unicasa Comércio de Móveis Ltda. (subsidiary), included in the consolidated financial statements, is the retail sale of customized furniture. The subsidiary remains open to serve the operation's holdover clients and as a support for clients of the parent company's Unicasa Corporate segment.

In 2022, the company opened Unicasa Holding LLC, a subsidiary in the United States, and Dell Anno NYC LLC and Dell Anno Miami LLC, subsidiaries of Unicasa Holding LLC. Consequently, the ownership of Unicasa North America LLC was transferred to Unicasa Holding LLC, both included in the consolidated financial statements. The companies were created to prospect, market and consolidate the Dell Anno brand in North America.

2. Summary of significant accounting practices

2.1 Basis of preparation and presentation of financial statements

While preparing these financial statements, the Company's Management followed the same accounting policies and calculation methods as applied to the individual and consolidated financial statements dated December 31, 2023.

The Company's Management understands that all relevant information related to the financial statements is presented herein and corresponds to the information used by the management. Note also that accounting practices considered immaterial were not included in the financial statements.

The reporting years of the financial statements of the subsidiaries included in the consolidation coincide with those of the parent company and the accounting policies were applied uniformly in the consolidated companies and are consistent with the international accounting standards and the accounting practices adopted in Brazil.

(a) Individual financial statements

The individual financial statements of the Parent Company were prepared in accordance with the accounting practices adopted in Brazil issued by the Accounting Pronouncements Committee (CPC). They are also in compliance with the International Financial Reporting Standards (IFRS), issued by the International Accounting Standards Board (IASB) (currently referred to by the IFRS Foundation as "IFRS accounting standards"). These individual statements are disclosed jointly with the consolidated financial statements.

(b) Consolidated financial statements

The consolidated financial statements were prepared and are being presented in accordance with accounting practices adopted in Brazil, including the pronouncements issued by the CPC and the IFRS issued by the IASB).

Fiscal years ended December 31, 2023 and 2022
(Amounts in thousands of reais, unless otherwise stated)

(c) Statement of value added

The presentation of the individual and consolidated Statement of Value Added is required by Brazilian corporate law and the accounting practices adopted in Brazil applicable to publicly held companies. The Statement of Value Added was prepared in accordance with THE criteria defined in Technical pronouncement CPC 09 - "Demonstração do Valor Adicionado". IFRS do not require the presentation of this statement. As a result, according to IFRS, this statement is presented as supplementary information, without prejudice to the financial statements as a whole.

Approval of the individual and consolidated financial statements

The presentation of these individual and consolidated financial statements was concluded and authorized for use at the Board of Directors' Meeting held on March 14, 2024.

2.2 Basis of consolidation

The subsidiaries Unicasa Comércio de Móveis Ltda. and Unicasa Holding, LLC are fully consolidated from the date of its incorporation. Their financial statements are prepared for the same disclosure fiscal year as that of the parent company using uniform accounting policies. All intra-group balances, revenues and expenses and unrealized profits and losses arising from intercompany transactions are entirely eliminated.

2.3 Functional currency and translation of balances denominated in foreign currency

The financial statements are presented in Brazilian Real (R\$), the Company's functional and presentation currency. Transactions using foreign currencies are initially recorded at the exchange rate on the date of the transaction. Monetary assets and liabilities in foreign currency are translated at the exchange rate on the balance sheet date. All variations are recorded in the statement of income.

2.4 Critical accounting judgements, estimates and premises

The preparation of the financial statements requires the use of certain accounting estimates and judgements by the Company's Management in applying its accounting policies. The settlement of transactions involving these estimates could result in amounts significantly different from those recorded in the financial statements, due to inaccuracies in the process of determining such amounts. The Company regularly revises its estimates and premises in a period not exceeding one year.

Information on critical judgements regarding accounting policies adopted that have effects on the amounts recognized in the individual and consolidated financial statements and the information about uncertainties, premises and estimates are included in the following notes: 5 - Allowance for loan losses, 14 – Realization of deferred income tax and social contribution.

The accounting practices adopted by the Company and its subsidiary are described in the specific notes related to the items presented. Those applicable in general to different aspects of the financial statements and considerations about the use of estimates and judgements are presented in this section.

2.5 Impairment of non-financial assets

The Company's Management periodically revises the carrying amount of the assets for the purpose of evaluating events or changes in the economic, operational or technological circumstances that may indicate deterioration or loss of their recoverable value.

On December 31, 2023 and 2022, no risk factors were detected and, consequently, no provision for impairment of assets was necessary.

2.6 IFRS 9/CPC 48 Financial Instruments**2.6.1 Classification and measurement of financial instruments**

Financial instruments are measured at amortized cost or fair value and classified in one of the three categories:

- (a) measured at amortized cost;
- (b) fair value through other comprehensive income; and
- (c) fair value recorded through profit or loss for the year.

The Company classifies its financial instruments in the following categories:

	<u>Company and Consolidated</u>
Financial assets	
Cash and cash equivalents (Note 3)	Amortized cost
Financial investments (Note 4)	Amortized cost
Trade accounts receivable (Note 5)	Amortized cost
Loans granted (Note 8)	Amortized cost
Other assets (Note 10)	Amortized cost
Financial liabilities	
Loans and financing (Note 15)	Amortized cost
Lease payables (Note 16)	
Trade payables	Amortized cost
Interest on equity (Note 19)	Amortized cost
Contractual obligations (Note 17)	Amortized cost

2.6.2 Subsequent measurement

Subsequent measurement occurs on each reporting date in accordance with the rules established for each type of classification of financial assets and liabilities.

The Company and its subsidiaries classify their financial assets and liabilities in the amortized cost category according to the purpose for which they were acquired or issued:

- a. *Financial assets at amortized cost:* are measured under a business model whose purpose is to receive contractual cash flows in which their contractual terms originate cash flows that are exclusively payments and interest on the principal amount.
- b. *Financial assets and liabilities at fair value through profit or loss:* any financial assets that cannot be classified as measured at amortized cost must be measured and recognized as at fair value through profit or loss. Financial assets that are held for trading and managed based on fair value are also included in this category.
- c. *Financial liabilities:* the Company must classify all financial liabilities as measured at amortized cost, except for: (i) financial liabilities at fair value through profit or loss, (ii) financial liabilities that arise when the transfer of the financial asset does not qualify for derecognition or when the continuing involvement approach is applicable, (iii) financial guarantee agreement, (iv) commitments to grant loans remunerated with interest rate below the market rate, (v) the contingent consideration recognized by the acquirer in a business combination, to which CPC 15 must be applied.

2.6.3 Derivative financial instruments and hedging

The Company does not operate with derivative financial instruments for hedge purposes.

2.6.4 “Expected credit losses model” impairment

IFRS 9/CPC 48 adopts a model of expected losses that makes the evaluation on a minimum twelve-month basis or for the entire lifetime of the financial asset recording the effects when there are indications of expected credit losses in financial assets.

The Company already adopts an expanded loss model for its financial assets in which it evaluates their entire lifetime, that is, the entire balance, and recognizes the total loss in balances when applicable according to the risk of non-recovery. The asset maturity date in this model is indicative, but is not the only factor considered for provisioning. While assessing expected losses, the Company also considers the risks inherent to its business model.

2.7 Revenue recognition

Revenue is recognized in the agreement when its amount can be measured in a reliable manner and reflects the consideration that the Company expects to be entitled to in exchange for transfer of products to clients. Revenue is measured based on the fair value of consideration, excluding discounts, rebates and taxes or charges on the sale. The Company evaluates revenue transactions in accordance with specific criteria to determine if it acts as the agent or principal and, at the end, concluded that it is acting as the principal in all its revenue agreements. Revenue is not recognized if there is significant uncertainty about its realization.

2.7.1 Sales revenue

Revenue from sales of products is recognized in profit or loss when the control of products is transferred to the client, which occurs when the products are delivered at the client's address, in case of invoicing under the CIF modality, and when the products are delivered to the freight operator contracted by the client, in case of invoicing under the FOB modality. Provided that no other obligation is pending, the Company and its subsidiaries no longer have control or responsibility on the goods sold.

2.7.2 Financial income

Interest income is recognized using the effective interest method. Interest income is included under financial income in the income statement.

2.8 Standards and interpretations not in effect yet

On the date of issue of these financial statements, the Company has not adopted new and revised IFRS standards below, already issued but not yet applicable.

Standards	Nature of change	To come into force on
IAS 1/CPC 26 (R1) – Presentation of financial statements	(i) Classification of liabilities as current or non-current: it sets the requirements to classify a liability and current or non-current. Subsequently, in October 2022, a new amendment was issued to clarify that liabilities with covenants requiring the achievement of ratios only after the reporting date do not affect the classification as current or non-current. Only covenants that require the entity to achieve ratios until the reporting date affect the classification of liabilities, even if the measurement occurs after that date. (ii) Disclosure of accounting policies: amendments to support entities to disclose accounting policies that are more useful by replacing the requirement to disclose significant accounting policies for material accounting policies and adding guidelines on how entities must adopt material accounting policies and adding guidelines on how entities must adopt the materiality concept to take decisions on the disclosure of accounting policies.	01/01/2024
IAS 8/CPC 23 – Definition of accounting estimates	The amendments clarify the difference between changes in accounting estimates and changes in accounting policies and errors. Moreover, they clarify how entities use measurement techniques and inputs to develop accounting estimates.	01/01/2024

IAS 12 /CPC 32 – Income taxes	It requires that entities recognize deferred taxes on transactions that, at initial recognition, give rise to equal taxable and deductible temporary differences.	01/01/2024
IAS 7 /CPC 3 and IFRS 7 /CPC 40	It requires that the entity discloses information on its supplier financing agreement that allow users of financial statements to analyze the effects of these agreements on entity's liabilities and cash flows and liquidity exposure.	01/01/2024
IFRS 16 /CPC 6	It specifies the requirements that the seller-lessee to determine 'lease payments' or 'revised lease payments' so that the seller-lessee does not recognize a gain or loss related to the right of use retained by the seller-lessee, after the start date.	01/01/2024
IFRS S1	It requires that entities provide material information on all risks and opportunities related to sustainability.	01/01/2026
IFRS S2	It requires that entities provide material information on all risks and opportunities related to climate.	01/01/2026
IFRS 18	It will replace IAS 1 – Presentation of financial statements. The new rule intends to encourage companies to report the financial performance in a more consistent and transparent manner. First impact on Income Statement.	01/01/2027
IFRS 19	Applicable for "Subsidiaries without public responsibility: Disclosure project, it aims to reduce the disclosure requirements for subsidiaries. This simplification will enable subsidiaries to prepare financial statements under IFRS locally in the future, using information that is reported to the parent company.	01/01/2027

The Company does not expect that these amendments will have significant impact on its financial statements.

2.9 Consolidated financial statements

The consolidated financial statements include the operations of the Company and its subsidiaries, as follows. The ownership interest percentage refers to fiscal years ended December 31, 2022 and December 31, 2023:

5. Trade accounts receivable

Represent the amounts receivable from clients for the sale of goods in the ordinary course of business of the Company, plus exchange variation, when applicable, and then measured at amortized cost, after deducting the allowance for doubtful accounts in trade accounts receivable. If the term for receipt is equivalent to one year or less, the amounts are classified under current assets. Otherwise, they are recorded under non-current assets. Trade accounts receivable transactions were adjusted at fair value, considering cash flows of the transactions and the implicit interest rate of the respective assets.

	38,433	41,944	33,774	43,889

The amounts classified under non-current assets refer to novation of credits to clients of the chain. In general, such novation has a term of more than one year and the balances are adjusted for inflation, plus interest compatible with market practices.

Days sales outstanding, weighted by the average maturity of invoices, on December 31, 2023 and 2022, were 42 and 29 days, respectively.

The allowance for loan losses in trade accounts receivable is based on the individual analysis of total trade accounts receivable overdue for more than 90 days, considering the clients' payment capacity, the current and prospective economic scenario, the evaluation of delinquency levels and guarantees received, as well as evaluation of renegotiations made. Specific cases not yet overdue, but with risk of loss in the Management's opinion, is also included in the allowance.

(*) Considers the maturity originally agreed to between the Company and its clients and, therefore, this line includes:

Allowance for doubtful accounts – Trade notes not expected to be received and so are covered by a provision booked for expected trade losses;
Guarantees – Trade notes guaranteed by properties required at the start of the operation with resellers, whose documents are registered at the notary's office to guarantee the Company their execution in case of nonperformance of agreement. These notes are in the process of execution of guarantees. Despite the real expectation of receipt, these notes are classified in the long term according to the progress of the lawsuits and the understanding of our legal advisors.

6. Inventories

Inventories are stated at cost or net realizable value, whichever is lower. Costs incurred to take each product to its current location and condition are recorded as follows:

- (i) Raw materials – cost of acquisition according to average cost.
- (ii) Finished products and products under production – cost of materials and direct labor and proportional portion of indirect general expenses based on the normal operating capacity.

The net realizable value corresponds to the sale price in the normal course of business, less estimated costs for conclusion and sale.

(*) Exclusion of ICMS from PIS and COFINS calculation base

Refers to the recognition, in June 2021, of PIS and COFINS credit arising from the exclusion of ICMS from its calculation base, based on a Writ of Mandamus filed by the Company in 2017, whose final and unappealable decision was granted in favor of the Company and the case was transferred to the Federal Appellate Court of the 4th Region (TRF4).

Said credit is in the name of the subsidiary Unicasa Comércio, whose operations, as described in the Operations section, have been scaled down and, hence, there is no expectation of revenue generation to realize this credit, which would qualify it as a non-realizable asset. Hence, the Company Management decided to file a lawsuit requesting the refund of the amounts unduly taxed and/or paid due to the inclusion of ICMS in the PIS and COFINS calculation base.

The lawsuit is pending at the Federal Court of Bento Gonçalves, Rio Grande do Sul, with favorable judgment to the Company, and the process of enforcing the judgment has started. Recently, a request for the payment of court-issued registered warrant (*precatório*) was issued in favor of the company. The registered warrant is expected to be paid in the first quarter of 2024.

12. Property, plant and equipment

These are registered at acquisition, formation or construction cost, net of PIS/COFINS and ICMS credits and the contra entry is recorded as recoverable taxes. A property, plant and equipment item is written off when sold or when no future economic benefit is expected from its use or sale. Gain or loss from the write-off of an asset, calculated as the difference between net sale value and book value of the asset, is included in the statement of operations for the period in which the asset was written off.

Depreciation of assets is calculated using the straight-line method at depreciation rates and take into consideration the estimated useful lives of these assets. The assessment of useful life of assets is revised annually and adjusted if necessary.

The depreciation methods, useful lives and residual values are reviewed at the end of the fiscal year and any adjustments are recognized as changes in accounting estimates.

The Management annually analyzes the book value of the property, plant and equipment item to assess if there are risk factors indicating the need for a provision for possible reduction in the impairment amount registered in the books, thereby adjusting the book value to its realization value.

Procedures are in place to evaluate the existence of evidence (risk factors), and if found, tests will be applied and, if necessary, a loss will be recognized, which is the highest of: (a) the estimated sale value of the assets less estimated sale costs and (b) the value in use.

The criteria to determine the assets subject to the test are: (a) assets linked to operations that generate revenue; (b) long-term assets, with long useful life (over one year); and (c) asset considered material (significant monetary value).

As a result of the analyses and considerations, on December 31, 2023, the Management did not identify any clear evidence of the devaluation of property, plant and equipment items and intangible assets on the balance sheet date. Accordingly, no additional analysis or detailed test, or any provision for impairment of assets, is necessary.

Deferred tax liabilities (assets)	3,458	2,772		

The Company and its subsidiaries have total tax losses to be offset against future taxable income of the company in which they were generated.

Estimated recovery of tax credits on income tax and social contribution losses were based on projections of taxable income that took into consideration diverse financial and business premises considered at the end of the period. Consequently, such estimates may not materialize in the future considering the uncertainties inherent to these provisions. The Company did not identify uncertainties regarding the recoverability of deferred tax assets recognized in the year ended December 31, 2023.

15. Loans and financing

Loans and financing are presented by the amounts under agreement, plus charges agreed that include interest rates. After initial recognition, they are measured at amortized cost using the effective tax rate method.

		Parent Company/Consolidated							
		2023			2022				
Index	Interest rate (p.a.)	Due on	Current	Non-current	Total	Current	Non-current	Total

On December 31, 2023, the Company has surety letter related to loan operations obtained.

Long-term installments will fall due as follows, by maturity year:

Maturities	2025	2026	2027	2028	2029 a 2033
FINEP	1,026	6,154	6,154	6,154	29,740
Total	1,026	6,154	6,154	6,154	29,740

16. Leases payable

On the start date of the agreement, the Company evaluates if the agreement is or contains a lease, that is, if the agreement transfers the right to control the use of an identified asset for a certain period.

The Company applies a single approach for recognizing and measuring all the leases, except for lease agreements whose term is 12 months, and leases of low-value assets.

The Company has lease agreements for stores, entered into with third parties, which are being classified as lease.

Discount rates that express the time for realizing the rights of use were obtained based on the main inflation indices in the market and the estimated lending rate, if the object of the lease is obtained through similar terms and scenarios.

The following table shows the current rate, maturity and term of the agreement.

17. Provisions

The Company and its subsidiaries are parties to administrative proceedings, as well as labor, tax and civil lawsuits resulting from the normal course of their operations.

The Company periodically reviews its contingencies through its legal department and its external legal advisors and classifies their likelihood of loss as: (i) Probable, (ii) Possible and (iii) Remote.

a. Provision for labor, tax and civil risks

The Company is a defendant in certain labor, tax and civil lawsuits. The estimated loss was provisioned based on the opinion of its legal counsel, in an amount considered sufficient by the Management to cover probable losses that may arise from unfavorable court decisions. The provision is broken down as follows:

	<u>Parent Company</u>		<u>Consolidated</u>	
	12/31/2023	12/31/2022	12/31/2023	12/31/2022
Provision for labor risks	974	798	974	798
Provision for tax risks	-	788	-	788
Provision for civil risks	4,137	4,251	4,137	4,251
	<u>5,111</u>	<u>5,837</u>	<u>5,111</u>	<u>5,837</u>

Labor – the Company is party to labor lawsuits basically related to overtime.

Tax – the Company is party to tax lawsuits basically related to import tax and INSS.

Civil – the Company is party to civil lawsuits involving store owners and end consumers, in which the Company may be considered jointly and severally liable.

Expansion reserve

The expansion reserve was recorded as decided by the management at Annual Shareholders Meeting. On December 31, 2023, the balance is R\$37,941 (R\$36,809 on December 31, 2022).

c. Other comprehensive income

Corresponds to the cumulative effect of exchange translation of functional currency to the original currency of the financial statements of the foreign subsidiary, calculated on the company's investments abroad, assessed using the equity method. This cumulative effect will be reverted to profit or loss for the period as gain or loss upon the sale or write-off of the investment.

d. Dividends and interest on equity

According to the bylaws, minimum mandatory dividend is calculated at 25% of net income from the year after the allocation to reserves established by law.

Of the net income from the year ended December 31, 2023 and based on the Company's operating cash generation, the Board of Directors approved on December 1, 2023 the distribution of minimum mandatory dividends (R\$3,602) and approved the payment of additional dividends (R\$9,675), both to be paid as interest on equity, as shown below:

	<u>2023</u>
Net income from the year	15,167

Diluted earnings per share

The Company did not present the calculation of diluted earnings per share as required by IAS 33/CPC 41 – Earnings per share because there are no potential common shares for dilution or other convertible instruments that can cause dilution of earnings per share, and hence the basic and diluted earnings per share are the same.

21. Net revenue from sales

Revenue is recognized in profit or loss upon the fulfilment of performance obligation with clients at the moment determined by the transfer of control of the products. Contractual performance obligations with final consumers are the responsibility of resellers. Sales are made at sight, in the form of prepayments or in installments, and are financed with the Company's own funds.

Net revenue from sales is broken down as follows:

The Company paid its managers (Statutory Board of Executive Officers and Board of Directors) compensation in the amount of R\$2,935 in the fiscal year ended December 31, 2023 (R\$3,527 on December 31, 2022). The Company does not offer to its key personnel compensation benefits in the following categories: (i) post-employment benefits; (ii) long-term benefit; (iii) employment termination benefit; and (iv) share-based compensation.

26. Financial Instruments

The Company determines the classification of its financial assets and liabilities upon their initial recognition in accordance with the business model used to manage the assets and their respective contractual cash flow characteristics, pursuant to CPC 48 / IFRS 9.

The Company's financial instruments measured at their amortized cost are held for the purpose of receiving or payment of contractual cash flows, which consist of principal and interest, recorded at their original value less allowance for losses and present value adjustment when applicable. The financial instruments and their outstanding balances on December 31, 2023 and December 31, 2022, are shown below:

27. Financial risk management

The Company's operations expose it to financial risks: market risks (including interest and exchange rates and commodity prices), credit and liquidity. The risks of financial instruments are managed through financial positioning strategies and systems to limit exposures, all registered in equity accounts, which are aimed at meeting its operational requirements.

The Internal Audit is responsible for ensuring the implementation of the Risk Policy. The Audit Committee, created at the Board of Directors Meeting held on April 27, 2022, is responsible for monitoring the activities of Internal Audit and reporting the conclusions to the Board of Directors. We do not conduct operations with derivative instruments or any other type of operation for speculative purposes.

- **Market risk**

Market risk is the risk that the fair value of future cash flows of a financial instrument fluctuates due to variations in market prices. Market prices encompass three types of risk: interest rate, exchange, and price, which could be of a commodity, among others. Financial instruments affected by market risks include loans receivable and trade accounts payable.

- I. **Interest rate risk**

To mitigate the interest rate risk of loans payable, the Company adopts the practice of diversifying loans between fixed or variable rates. Income from financial statements, as well as financial expenses arising from Company's loans, are affected by variations in interest rates, such as TR, IPCA and CDI.

- II. **Exchange risks**

- Cash and accounts receivable in foreign currency**

On December 31, 2023, the Company had cash in foreign currency and balance of accounts receivable from exports equivalent to USD1,467 (USD 1,075 on December 31, 2022).

The Company's results are susceptible to variations arising from the effects of exchange rate volatility on foreign currency transactions, mainly in export operations. The Company adjusts its structure of costs and selling prices in order to assimilate exchange oscillations.

- **Market risk**

- Sensitivity to exchange rates**

In order to verify the sensitivity of indexes of assets and liabilities in foreign currency, with representativeness, two different scenarios were defined to analyze the sensitivity on exchange rate oscillations. This analysis considers depreciation of exchange rate by 25% and 50% over the exchange rate on December 31, 2023. These assumptions were defined based on the Management's expectations for variations in the exchange rate on the maturity dates of respective agreements subject to these risks.

Possible scenario 50%	610	4,87	8.03	(1,629)

III. Commodity price risk

This risk is related to the possibility of oscillation in prices of raw materials and other inputs used in the production process. Since the Company uses commodities as raw material (MDF and MDP boards), its cost of goods sold may be affected by changes in the prices of these materials. To minimize this risk, the Company permanently monitors price oscillations and, as applicable, builds strategic inventories to maintain its business activities.

- **Credit risk**

This risk arises from the possibility of incurring losses due to delinquency of other parties or financial institutions depositing resources or of financial investments. To mitigate these risks, the Company adopts the practice of analyzing financial and equity conditions of its counterparties, as well as defining credit limits and monitoring permanently their outstanding positions. With regard to financial institutions, the Company only carries out operations with low-risk institutions, as evaluated by its Management. For trade accounts receivable, the Company has not recorded allowance for loan losses yet, as mentioned in Note 5.

Management's notes to the interim financial information
Fiscal years ended December 31, 2023 and 2022
(Amounts in thousands of reais, unless otherwise stated)

Accounts receivable

Risk of credit to client is managed by the financial department and is subject to specific procedures, controls and policies established by the Company.

Credit limits are established for all clients based on internal rating criteria. On December 31, 2023, the Company had 35 clients (34 clients on December 31, 2022), representing 50.40% (50.18% on December 31, 2021) of all receivables due. These clients operate with several stores in Brazil. No client individually represents more than 10% of the sales. The Company has security interest and monitors its exposure.

The need for a provision for impairment is analyzed every reporting period on an individual basis by clients. Allowance for loan losses is constituted at an amount considered sufficient by Management to cover losses in recovering credits and is based on criteria such as balances of clients with delinquency risk.

Bank deposits

Credit risk on balances with banks and financial institutions is considered low and is managed by the financial department and monitored by executive officers. Surplus funds are invested only in prime financial institutions authorized by the Board of Executive Officers, being monitored in order to minimize risk concentration.

- **Liquidity risk**

Liquidity control is monitored by the Company through the management of its cash flows, to ensure that its funds are available in sufficient amounts to maintain its commitments on schedule. The Company holds balances in financial investments that are redeemable at any moment to cover any gaps between the maturity of its contractual obligations and its cash generation.

The table below shows the contractual payments required by the Company's financial liabilities:

Maturities	2024	2025	2026	2027	2028	2029 a 2033
CCB – Bank Credit Note	4,749					
Bank Loans - FINEP		1,026	6,154	6,154	6,154	29,740
Total	4,749	1,026	6,154	6,154	6,154	29,740

- **Capital stock management**

The Company manages its capital structure and adjusts it considering the changes in economic conditions. The capital structure arises from choosing between shareholders' equity (capital injections and retained earnings) and loan capital to finance its operations. Management adopts as a financing practice the shareholders' equity generated by its operations, and monitors its debt in such a way as to optimize its cash flows and its present value. There were no changes in goals, policies or processes during the fiscal years ended December 31, 2023 and 2022.

28. Insurance

The Company has insurance policies that were taken based on guidance from specialists, contracted in the market coverages compatible with its size and operation. Coverages were contracted at amounts considered sufficient by management to cover possible losses, considering the nature of its activity and the risks involved in its operations. The main insurance categories are shown below:

Coverage	Coverage period		Currency	Amount insured
	From	To		
Fire, Lightning Strike, Explosion and Implosion	2023	2023	BRL	230,000
General civil liability:

Reports and Declarations / Independent Auditor's Report – Unqualified Opinion

Independent auditor's report
on parent company and consolidated financial statements

To the Management and Shareholders of
Unicasa Indústria de Móveis S.A.

Opinion

We have audited the accompanying parent company financial statements of Unicasa Indústria de Móveis S.A. ("Company" or "Parent company"), which comprise the balance sheet as at December 31, 2023 and the statements of income, comprehensive income, changes in equity and cash flows for the year then ended, as well as the accompanying consolidated financial statements of the Company and its subsidiaries ("Consolidated"), which comprise the consolidated balance sheet as at December 31, 2022 and the consolidated statements of income comprehensive income, changes in equity and cash flows for the year then ended, and notes to the financial statements, including material accounting policies and other relevant information.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Company and its subsidiaries as at December 31, 2023, and the financial performance and cash flows for the year then ended, as well as the consolidated financial performance and cash flows for the year then ended, in accordance with accounting practices adopted in Brazil and with the International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB) (currently referred to by the IFRS Foundation as "IFRS accounting standards").

Basis for opinion

We conducted our audit in accordance with Brazilian and International Standards on Auditing. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Parent Company and Consolidated Financial Statements section of our report. We are independent in relation to the Company and its subsidiaries in accordance with the ethical requirements established in the Code of Professional Ethics and Professional Standards issued by the Brazilian Federal Accounting Council, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. This matter was addressed in the context of our audit of the parent company and consolidated financial statements taken as a whole and in forming our opinion thereon. We do not provide a separate opinion on this matter.

Why is it a key matter

How the matter was addressed in the audit

Recognition of revenues from sale of products (Notes 1, 2.7 and 20)

The Company's revenues are derived from the manufacturing, sale, import and export of products related to the wooden, iron, steel and aluminum furniture segment, and other articles related to household and commercial furniture. The Company has dealership agreements with authorized agents to use the "Dell Anno", "New", "Casa Brasileira" and "Unicasa Corporate" brands under exclusive and multibrand dealership arrangements in Brazil and abroad. In the fiscal year ended December 31, 2023, the Company recognized operating revenue of R\$207,510 thousand (R\$217,397 thousand in the consolidated).

Due to the significance of the matter, we believe that the process of recognizing revenues from the sale of the Company's products is one of the key matters of our audit.

Our audit procedures included, among others, the understanding of the process and the appropriateness of accounting policies adopted by the Company and its subsidiaries to recognize revenues.

Furthermore, we analyzed the reconciliation of revenue reports for the period from January to December 2023 with the accounting balance of revenue recognized in the financial statements.

We also conducted document tests, based on sampling, about the existence of revenue and whether the moment of recognition is in the correct fiscal year. Furthermore, we prepared an independent estimate of the amount of billed revenue that has not fulfilled all performance obligations, comparing with the amounts calculated by the company.

We evaluated the presentation of balances of financial statements and the disclosures included in the notes to the

financial statements.

As the result of our procedures, we consider the accounting policies adopted by management to be consistent with the information disclosed in the notes to the financial statements.

Other matters

Statements of value added

The parent company and consolidated Statements of Value Added for the year ended December 31, 2023, prepared under the responsibility of the Company's management and presented as supplementary information for IFRS accounting standards purposes, were submitted to audit procedures performed in conjunction with the audit of the Company's financial statements. For the purposes of forming our opinion, we evaluated whether these statements are reconciled with the financial statements and accounting records, as applicable, and if their form and content are in accordance with the criteria defined in Technical Pronouncement CPC 09 - "Statement of Added Value". In our opinion, these statements of value added have been properly prepared, in all material respects, in accordance with the criteria established in the Technical Pronouncement and are consistent with the parent company and consolidated financial statements taken as a whole.

Other information accompanying the parent company and consolidated financial statements and the auditor's report

The Company's management is responsible for the other information that comprises the Management Report.

Our opinion on the parent company and consolidated financial statements does not cover the Management Report, and we do not express any form of audit conclusion thereon.

In connection with the audit of the parent company and consolidated financial statements, our responsibility is to read the Management Report and, in doing so, consider whether this report is materially inconsistent with the financial statements or with our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement in the Management Report, we are required to communicate the matter to those charged with governance. We have nothing to report in this regard.

Responsibilities of management and those charged with governance for the parent company and consolidated financial statements

Management is responsible for the preparation and fair presentation of the parent company and consolidated financial statements in accordance with accounting practices adopted in Brazil and with the IFRS as issued by the IASB (currently referred to by the IFRS Foundation as "IFRS accounting standards"), and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the parent company and consolidated financial statements, management is responsible for assessing the ability of the Company and its subsidiaries, jointly, to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company and its subsidiaries, jointly, or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the financial reporting process of the Company.

Auditor's responsibilities for the audit of the parent company and consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the parent company and consolidated financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Brazilian and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Brazilian and International Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the parent company and consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud could involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of the Company and its subsidiaries.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company and its subsidiaries, jointly, to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the parent company and consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company and its subsidiaries, jointly, to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the parent company and consolidated financial statements, including the disclosures, and whether these financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the parent company and consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that may have been identified during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, the actions taken to eliminate threats to our independence or applied safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the Key Audit Matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.
